The residents, businesses, Board of Directors and members of the Greater Hyannis Chamber of Commerce welcome you! We invite you to what we call home and cannot wait to share the beauty and our hospitality with you. The Greater Hyannis Chamber provides new and returning visitors, prospective businesses and residents as much information, advice and assistance as needed to ensure that your vacation, move or business launch is as seamless and successful as possible. Stop at the Chamber Visitor Center on the Village Green between Memorial and Columbus Day to get maps, brochures and ask a “local” for beach, dining, art gallery, shopping, transportation, excursion, and recreation recommendations. Family-friendly Barnstable is the Cape's largest town in both size and population, with seven distinct villages. Hyannis, the most celebrated and renowned, is the transportation, commercial, mercantile, and spiritual “heart” of Cape Cod. Centerville, Cotuit, Hyannis and Osterville lie along Nantucket Sound. Singular Marstons Mills is an inland village, but it is a special one, indeed. Historic Barnstable Village and West Barnstable are situated on Cape Cod Bay and Route 6A, the Old Kings Highway. From pastoral byways to sandy crescents of stunning beaches, each village offers its own set of charms and “must-sees” to explore!

Welcome! Enjoy your stay!

THE GREAT ESCAPE

A peek at what the Villages of Barnstable have to offer

Barnstable Village
The Village of Barnstable is the Town of Barnstable’s most historic village. Set along the Old Kings Highway, here one finds many period buildings, some dating back to the 17th century, and historic sites within the village core. Barnstable Village (which shares its name with the county and town) is also the site of the County Complex, town offices, courts and Registry of Deeds. Barnstable Village is a working harbor as well as a Mid-Cape embarkation point for popular seasonal whale watches. Its small business district near the harbor includes restaurants, galleries and studios, the renowned Barnstable Comedy Club, several museums, business services and coffee shops. A number of small, secret beaches with stunning Sandy Neck views can be found along 6A.

Centerville Village
Originally called Chequaquet, and named because of its central location, Centerville is primarily residential, but has a lovely bowed Main Street with elegant homes, quaint shops, museums, steepled churches and a popular one-of-a-kind ice creamery. It sits along Nantucket Sound on the south side of town. Several crescents of landmark white sandy beaches in its Craigville neighborhood, directly opposite lip-smacking clam shacks, are extremely popular. Several beaches are sandwiched between Nantucket Sound and the meandering Centerville River, a popular kayaking venue.

Cotuit Village
Cotuit is a semi-peninsular coastal buffer between Osterville and Mashpee whose Wampanoag name is derived from “place of the council.” This smallest village — including five square miles with 12 miles of coastline surrounded on three sides by water — was part of a 1648 land purchase negotiated by Plymouth Colony’s Myles Standish. Primarily residential, Cotuit lies on Nantucket Sound and Cotuit Bay, with several smaller beaches such as Ropes, Riley’s, Loop and Oregon beaches. Interestingly, this land purchase was consummated in exchange for “one great brass kettle seven spans in wideness round about, and one broad hoe,” a fun fact memorialized in the popular Kettle-Ho, a village restaurant and tavern. Many are familiar with delicious Cotuit oysters, which are farmed here. The village contains stately homes, historic architecture, Cotuit Center for the Arts and Cahoon Museum of American Art. Cotuit’s northwestern edge is called Santuit, a small hamlet at the junction of Main Street and Routes 28 and 130.

Hyannis Village
Hyannis (and Wianno, a section of Osterville) derived its distinctive name from Iyannough, a kindly 17th century Wampanoag sachem, or chief, of the Mattakeese tribe. Its village green is marked by a bronze Iyannough statue. Hyannis is the Cape’s mercantile, transportation and business hub. Its historic mile-long Main Street is perfect for shopping, dining, strolling or people-watching. Buses, seasonal trains, island ferries and airplanes are near Main Street. The nostalgic working harbor is a five-minute walk as are museums and many services. Cape Cod Mall is within two miles of Main and many historic houses and buildings are found here. Several outstanding warm water beaches including Kalmus, a popular wind-and kite-surfing venue, are a short distance from the village center. Nearby, in the iconic hamlet of Hyannisport, President John F. Kennedy maintained a “summer White House” and the Kennedy family has been part of the Hyannis community for nearly a century!

Marstons Mills Village
This village, surrounded by Cotuit, Centerville, Barnstable and West Barnstable, is without direct ocean access except via Prince’s Cove, far inland. Settled in the mid-1600s, there was a fulling mill and weaving operation along today’s Marstons Mills River. Today, this largely residential community features many cranberry bogs, lakes and kettle ponds as part of its glacial outwash plain, such as Mystic Lake and Middle and Hamblins ponds, but no salt water beaches. This verdant village is home to Cape Cod’s only grass airport, the circa 1929 Cape Cod Airfield, where bi-plane rides are offered. The 18-hole Olde Barnstable Fairgrounds Golf Course sits on the site of an old fairgrounds.
The pleasing village center, clustered around Main Street, Lovell’s Lane and River Road, offers quaint shops, restaurants and service shops. Burgess Park and its herring run provide enjoyment for residents and visitors, as does the disc golf course located there. A lovely pond located at Falmouth Road and Route 149, replete with a long-term resident pond pair, is charming year round.

**Osterville Village**

As you might have surmised, this quiet village was once a center for oyster harvesting. Its original Native American name was Cotacheset. It remains a relatively obscure village that has a stupendously charming Main Street enclave of white clapboard buildings housing an upscale collection of shops, boutiques, galleries, eateries and banks. Cape Cod Academy, a private school, calls the village home. Along the village’s shady byways are some of Cape Cod’s most impressive and lavish homes. Many of these, and yet larger estates, remain unseen within a gated community at Oyster Harbors as well as Seapuit, Wianno and other parts of the village exclusively the domains of wealthy seasonal residents. Osterville has two private country clubs, the Wianno Club and Oyster Harbors, both featuring 18-hole golf courses, tennis facilities and beaches. Crosby Boat Yard, port to renowned Crosby catboats and Wianno seniors, is located here. The latter was a favorite of President John F. Kennedy. Dowses Beach is the only semi-public, resident-only beach. This lovely beach fronts Nantucket Sound and rears up to tranquil East Bay, a favorite of families with children.

**West Barnstable Village**

This historic seaside village of slightly more than 3,000 residents in the town’s northwest corner, sitting along Cape Cod Bay and astride Route 6A — Old Kings Highway — is quintessential Cape Cod. Originally settled as a farming community, today it is mainly residential with pockets of shops, a few bed and breakfasts, glorious period architecture, cranberry bogs and the renowned and popular six-mile Sandy Neck barrier beach. In the late 19th and early 20th centuries, an influx of Finnish immigrants settled here; the village’s east side is sometimes called “Finn Town.” The magnificent signature 1717 West Parish meetinghouse at the village crossroads reaches for the heavens it invokes. A nostalgic train station marks a stop on the Cape Cod Railroad, replete with stationary train cars, plus village and feed stores, an art gallery and furniture crafters. The village comprises: Great Marsh, Sandy Neck and several smaller beaches; 1,100-acre West Barnstable; Bridge Creek; Otis Atwood and Jenkins Wildlife Sanctuary Conservation Areas; Cape Cod Community College; Cape Cod Conservatory of Music, Art, Drama and Dance; plus pockets of residential and mercantile properties.

Kennedy have visited or called Hyannis home.

TOWN OF BARNSTABLE
TOWNOFBARNSTABLE.US/DEPARTMENTS/CONSERVATION
Baseball is America’s pastime, and most visitors to the Boston area immediately think of going to Fenway Park to watch the Red Sox. It’s a classic Boston experience, and certainly worth the trip. That said, it can be pricey. At Fenway, you’re likely to pay $50 per ticket, $40 to park, and another $25 for a hot dog and a beer. If you bring family, the costs can add up even more. If you’re heading over the bridge onto the Cape, there’s another baseball experience waiting for you that won’t break the bank.

Baseball has stuck in America’s consciousness for so long because at its core it’s a community game, a coming together, from kids playing Wiffle Ball to Little League to college and all the way to the Major Leagues. A Hyannis Harbor Hawks game honors the joy and family feel of the sport, without the cost and extravagance. At McKeon Park, you’ll be greeted by friendly interns at each gate, with a bucket for donations. There’s no price for admission, simply a suggested $5 donation to help keep the nonprofit league humming. Attending the game, you’ll find local Cape Codders, tourists, and Major League scouts all sharing the bleachers around the field. There are cheap snacks, a 50-50 raffle, and a speed pitch stand where you can see how hard you throw. If you’ve got kids who can’t sit still for long, this is the right place to be! On the first base side, there is a large grassy area, where children run around throughout the game while the rest of the family sits nearby on the bleachers.

The biggest draw, of course, and what really makes these games special, is the quality of the baseball. Former Cape Cod League players include Chris Sale, Aaron Judge and George Springer, and you’re likely to see at least one or two future Major Leaguers on the field on any given night. For most of these players, it’s their first time in a wood bat league (like the Major Leagues), which means a hard hit ball makes that perfect solid-wood sound off the bat. There are pitchers throwing fastballs 95 miles per hour, and scouts leaning forward with their radar guns, trying to pick out the next MLB All-Star. When you go to a Major League game, especially if you don’t end up in the box seats, the players can be little figures down on the field. Not at McKeon! The bleachers are mere feet away from the infield grass, offering a unique opportunity to feel immersed in the game.

Another thing that makes catching a Harbor Hawks game the perfect Cape Cod summer activity is that it can be one part of a great night out in downtown Hyannis! Our concession stand has food for the game, including hot dogs, chips and pizza from Regina Pizzeria, but if you’re looking for a sit-down meal, you’re only a short walk away from tons of great options. Consider Colombo’s, Alberto’s, and the Brazilian Grill for dinner on Main Street. For dessert, try Ben and Jerry’s, Colombo’s, or if you’re willing to drive, Cape Cod Creamery, which is only a few minutes away. If you’d like to take a sunset stroll along the water, the harbor is a short walk from the field and you can stop by the artist shanties, seaside studios where local artists sell their work. There are excellent dinner options there as well, like the Black Cat Tavern, Spanky’s Clam Shack, and Baxter’s.

On a pleasant evening this summer, come enjoy the fun and relaxing atmosphere of a Harbor Hawks game. It’s the perfect baseball experience, where you can watch a talented prospect hit a 350-foot home run, and then watch a group of kids go running out beyond the fence and come back with the baseball as a souvenir. You can get autographs after the game, and have the kind of classic summer night that makes the Cape such a fun place to visit. Take a look at the schedule and make a plan to come by. We can’t wait to see you!

LET THE MUSIC PLAY!

In the fall of 2021, the Cape Symphony returned to the stage at the Barnstable Performing Arts Center in Hyannis, after the pandemic kept the musicians from sharing joy with audiences for 18 months. Michael Albaugh, Executive Director, says, “With every performance, we celebrate the joy of coming together, live and in person, with the audience, our outstanding conductor, and our talented musicians.”
In 2022, the Cape Symphony celebrates its 60th anniversary! Since the orchestra's founding in 1962 as a community group, much has changed, especially in terms of the quality and creativity that are hallmarks of today's Cape Symphony. Today, 75 professional musicians make up the orchestra, led by Artistic Director & Conductor Jung-Ho Pak.

At campuses in Barnstable and Falmouth, a talented faculty, including many musicians of the orchestra, offers classes and lessons in music and dance, as well as the Cape Symphony Youth Orchestra program. Community outreach engages Cape Symphony musicians, faculty and staff with schools across the Cape and Islands, as well as with other community organizations, to bring the joy of music and dance to people of all ages.

Executive Director Michael Albaugh says, "It's an honor to be part of an organization celebrating its 60th anniversary. Our impact on the Cape and Islands has grown immensely, and our mission to inspire joy, whether it's in the concert hall or through our educational programs, drives us now more than ever."

The Cape Symphony season wraps up in May. The orchestra will perform outdoors during the summer, and then kick off the 2022/23 season in September. From the Beatles to Beethoven, from the Roaring Twenties to Mozart, Passport trips through the music of Ireland and Australia, to our annual December celebration "Holiday on the Cape," Cape Symphony performances are always full of fun and surprises. "The joy of experiencing music with our fellow human beings is transcendent," says Pak. "We always put together such meaningful, powerful events that we can't wait to share with the Cape Cod community."

Pak adds, "Everyone is welcome at Cape Symphony shows. You don't need to know anything about music or have any particular background. Our goal is for each and every person who lives or visits here to give us a try – we promise a great time and we guarantee you'll want to come back!"

Albaugh says, "What does it mean to inspire joy? We believe in having fun, sharing beauty, and making people feel wonderful. We guide audiences on amazing musical journeys, and we offer students of all ages the opportunity to discover - or rediscover - their passion for the arts."

You're invited to experience the Cape Symphony for yourself! Visit the Cape Symphony website at capesymphony.org for information on upcoming concerts and education programs. For tickets, call 508-362-1111 or email tickets@capesymphony.org. With questions about classes and lessons, call the Barnstable Campus at 508-362-2772 or the Falmouth Campus at 508-540-0611 or email info@capesymphony.org.

www.capecodcreamery.com
Our product is the smoothest, creamiest, most flavorful ice cream you can buy. Pick up a container, and compare the weight to another brand. You will easily feel that our ice cream is a denser, less air-filled product. Less air means more flavor. When we started in 2005, our goal was not to make a good ice cream; it was, and is to make the best ice cream!
